Porter, Andrea 11:41 AM:

Hey Darren - just saw Peotone email from Regan re: you guys meeting with Cornwell. Any advice on how/if that fits with IEPA's request for help on reviewing the Peotone pipe loop?

Lytle, Darren 11:52 AM:

I think he strictly has strictly technical questions and that is it so I do not think there is a connection. Do you have details about the IEPA call?

Porter, Andrea 11:55 AM:

IEPA asked for feedback on both Chicago and Peotone CCT studies that were already submitted to IEPA. The meeting is on Monday 4/13. I think Val is planning a pre-call with R5 and ORD, if you have time for that. Generally, IEPA is looking for help on their technical review of documents already submitted.

Lytle, Darren 11:57 AM:

ok. I think that should be fine. I have not seen a pre-meeting invite yet but I am free most of the day.
